Elvis Martini
The Greatest Book Ever Wroten

CHAPTER ONE: THE BEGINNING

“What a terrible opening line for a novel,” I thought, and shut the book. It was called *The Greatest Book Ever Wroten* by Elvis Martini, which was my name, because I had written it. I put it back on the shelf and walked away.

THE END

ABOUT THE AUTHOR

Elvis Martini is a fucking asshole.

REVISION HISTORY

First Edition, Revision 1

- The First Edition, Revision 0 was not denoted as being the First Edition.
- The publication *Who Framed That Poster On The Wall?* was mistakenly referred to as *Who Framed That Poster The Wall?* which unfortunately may have confused readers into thinking it was about a framed poster of the Pink Floyd album *The Wall*. Well, really it's more like a glorified Roger Waters album if you think about it. I mean, don't get me wrong, it's a decent enough album even if it's pretty meandering, but is it *really* Pink Floyd?
- The First Edition, Revision 0 did not have a Revision History section.
